PRICE LIST No. 6

JANUARY 5th, 1921

NOTICE: All prices quoted herein are subject to confirmation, changes in stocks, etc., and, unless otherwise specified, are f. o. b. Sherman, Texas.

In case of advance in prices, goods will be billed to you at prices prevailing at time order is received. In the event prices are lower when your order is received than quoted in this list, you will receive remittance to cover balance due you.

IMPORTANT: If you desire to limit us as to prices, please so state in your order. Unless otherwise instructed, if your remittance is insufficient to cover the goods ordered, we will make shipment C. O. D. for the balance; or, if you instruct us to do so, if prices are advanced, we will ship seed to equal amount of your remittance, basis current prices.

NOTICE: No reliable seed breeder or dealer can guarantee seed results, so we give no warranty, express or implied, as to description, purity, productiveness, or any other matter of any Seeds we may send out, and will not be in any way responsible for the crop. If the purchaser does not accept the goods on these conditions, they are to be returned at once. When you receive your shipment, please examine same carefully, and, if the Seed are not what you ordered, or you have any reason to complain, you are requested to act as follows: (1) Send us samples of the Seeds about which you may have any doubt, giving us your full reason for doing so, and we will promptly handle the complaint. (2) You may return the goods, being sure to send us bill of lading or express receipt, and as soon as we receive the return shipment, we will promptly and cheerfully remit you any money that may be due you on the transaction. Our 43 years' experience and our reliability are the best guarantees we can give you.

Our business is conducted on a cash basis, but if you do not desire to remit in full at the time you order, we will, if your order is accompanied by remittance of one-fourth of the amount of the order, make shipment, sending the C. O. D. for balance due.

As freight and express shipments are often more or less delayed in transit, and some shipments are lost, we cannot be responsible for delayed shipments, lost shipments, or for shortages occasioned in transit on any goods sold by us, either f. o. b. shipping point, or c. a. f. (cost and freight) your station, as the case may be. We use due care to have all goods delivered to the railroad or express company in first class condition in every respect, properly tagged and marked, etc., and after we furnish invoice and a clear receipt from the railroad or express company covering shipments, our responsibility must cease. If your shipment is not received in a reasonable time, make due allowance before writing us about it. In this event, please give us your invoice number for any delayed shipments, and we will promptly do what we can to have such delayed shipment traced.

You, no doubt, know the quaity of seeds we furnish, and with our 44 years reputation at stake, we cannot afford to ship anything, but good, carefully selected, culled stock.

Order Your Early Fulghum Seed Oats Early This Season

Six years ago we introduced Early Fulghum Oats into North Texas. This past season the demand was so heavy we could not get enough of these seed to supply the demand.

We are now reserving a quantity to offer the farmers of the Southwest at a very reasonable price in order to have more of them grown here in this section and save the extra expense of shipping them in from farther east.

By planting Early Fulghum Oats this spring you will increase your crop yield and demonstrate to your neighbors the advantage of these Oats. But order your Early Fulghum Oats as soon as you can as we are filling orders right along and our supply may not last until the planting season is on.

Pittman & Harrison Company.

Dear Sirs:

I have raised all the best varieties of Oats known in North Texas. Last season, my neighbor, Curly Cannon, planted your Early Fulghum Oats and I planted what I thought was the best for this country. Curly's Oats came out 10 bushel's an acre more than my crop and they came in earlier too. Put me down for 50 bushels of your Early Fulghum Oats right now."

JOE MACKEY, Route 4, Sherman, Texas.

Early Fulghum Oats Priced In This List

Mt. Ida, Ark., Jan. 2nd, 1921.
Messrs. Pittman & Harrison Co.,
Sherman, Texas.
Gentlemen:

I have been buying seed from you two years through Mr. Waid. I bought oats and wheat this fall. They came up and look the best I have ever seen. I think every seed I sowed came up. I am well pleased with all seeds I ever bought from you. Now I want to buy some Johnson Grass and Buckwheat Seed and I want you to send me your prices.

Yours truly,
MILTON BATES.

ARE YOU ONE OF THEM?

A lot of people thought prices were coming down last spring and failed to plant a good sized garden. They are now listening to their thrifty neighbors proudly describing their canned and pickled vegetables arranged in neat rows of cans and sparkling glass jars along their pantry shelves.

Some of these thrifty families have gone so far as to figure what their garden saves them each summer and the results of these figures are surprising—many families make half their table expenses each year out of a good sized home garden and some have found that renting a vacant lot for a few dollars a year really makes their grocery savings look like a Profiteer's balance sheet.

Are you one of them?

CLUB ORDERS

In order to avail yourself of quantity of quantity prices, you and your neighbors get together and make a list of what each one will require, then lump the order, letting one member of the Club make the order in his name. To do this, you will **ALL SAVE MONEY.**
